Employee Signup

Failed 1

Description

As an employee, I want to create my account using my invitation/company code, so that I can access my HR records.

Acceptance Criteria

- Signup requires a valid invitation link or company code; invalid/expired ones are rejected.
- Email must match the one HR registered (or be unique where self-signup is allowed).
- Same password rules as US-01.
- Account gets the Employee role only, with no HR privileges.
- Email verification is required before login.
- An invite can only be used once.
